Carol,

Our email has been down. Cibola should have him here by 1600. I was also notified by a DUSM that the Judge wanted to know if the USMS thought he should have shackles on for trial. Based on his past behavior of being extremely aggressive towards USMS and attorneys we would highly recommend that he remain shackled during his trial.

Sean,

Can you get Michael Nissen here for a hearing this afternoon at 4? I understand he's in Cibola.
